- **eNotifications** – Receive emails and text messages with payment reminders and more!

Frequently Asked Questions

Do I have to update my payees or previously-scheduled payments when Online Bill Pay becomes BillPay+?

No, all Online Bill Pay payees and scheduled payments will remain unchanged.

How do I access my Online Bill Pay history beyond the 6 months available in BillPay+?

You will have access to 18 months' of your Online Bill Pay history within your checking account history in eBranch.

Can I see what BillPay+ will look like before it's live in eBranch?

Yes. You can take an interactive test drive of BillPay+ at nasafcu.com/billpaydemo.

What is the timeline for payments with the new expedited payment feature?

Expedited payments will allow you to send next-day or second-day payments. You'll enjoy the added benefit of UPS® tracking to ensure your expedited payments are received.

What are eBills and how do they work?

eBill is a feature that allows you to receive and pay electronic summary versions of paper bills directly from your BillPay+ account. eBills are delivered directly to your BillPay+ account. Once you set up an individual eBill for a company with which you do business, an eBill comes directly from that payee to your account. Examples of businesses that offer eBills are cable service providers, phone service providers, utility providers and credit card companies.

*Fees will apply.
